

Welcome to Rangeley Lake State Park

Western Maine's most spectacular lakes and surrounding mountains are a perfect setting for outdoor recreation and relaxation. Here, visitors enjoy hiking, picnicking, camping, wildlife, photography, swimming, boating and fishing. The Rangeley Region is famous for land-locked salmon and trout fishing, with "Catch & Release" contributing to quality fishing.

Whatever activities you prefer, the Park staff is ready with information and assistance, to help make your visit most enjoyable. We invite your questions and comments, and will be happy to offer suggestions for scenic drives, hikes, and other area activities.
